Epperson Springs!

THOSE valuable and highly Medicinal Springs are THOSE valuable and highly Medicinal Springs are located in Maron county, Tentusses, on the waters of Traumel Creek, four miles from the tampike leading from Gallatin, Summer county, Tenn, to Scottsville and Gingow, Ky, and of easy access from all directions. The proprietors are now prepared to accommodate as many as probably may favor them with a call. For chronic affections for the Stomach and Bowels, Liver and Spleen, Kidneys and Bladder also, of the Stin, Scrotch, Dropser, an many of those ailments of which females are the allent but severe sufferers, no resease as have been found so ent but severe sufferers, no remed se buve been found so salutary, and none superior to a few weeks sojourn at, and the use of these waters. In cases of slope in the Bladder they have, in many instances, acted as a sovereign balm, and in all have afforded relief. There are three varieties of Suphur Water, and one strongly impregnated with iron. A correct analysis of all of which will be made upon the premises, as promised by Prof. Safford, State Geologist, some time during this year. Dr. D Bow, one of the Proprietors, will be constantly at the Spring, unless pro-Proprietors, will be constantly at the Spring, unions prolessionally away, who will take pleasure in giving such

YOUNG AMERICA. A States to sell the above new and improved CORA AND COB MILL. To all such, a rare chance to make money will be offered. Exchaire Stat; and county privileges will be disposed of on unusually far terms, by application to the Proprietor. FARMERS AND STOCK RAISERS,

I offer you a Corn and Cob Mill unsurpassed in the Union and which cannot be superceded by past or future inventions. It is the very Mill which every Farmer and Stock issiser should have; it will crush from S to 10 bush-als Corn and Gob per hour, with one horse, is easily fluted up and managed, weighs \$10 lbs, and as all contact of the grinning surfaces is prevented, will last any farmer an or-dinary fitetime. I speak thus of its durability because the same principle has been fairly tested in the old Bark Mill.
Who is it that wants

A MILL ON TRIAL

for one month, and if it don't give complete satisfaction, to return it? If there be any man thus disposed, let bim now speak. Satisfaction is warranted in every ase, or the mon-ey will be refunded. This Orusher can be attached to horse, water or steam power, which renders it the most convedient Mill south of Mason's and Dixon's line. All other Crushers now in the south require too much power, or will soon wear out. According to THE LAWS OF NATURE

a Corn and Cob Mill which admits of a lateral or wabbling motion, will, necessarily, soon wear out; all other Crushers are amenable to this grand objection, and the Proprietors date not dispute it. In the construction of "Young Ages Ita," I have gained power, and I defy contradiction; I have lessened friction, and I challenge one word to the contrary; I have prevented a wabbling lateral motion, and all are compelled to acknowledge it; therefore, I assert that it is far superior to any other will. I am now selling to a Ten nessee invention at the small sum of

If you have contracted the terrible disease which, when a case seated in the system, will surely go down from one generation to another, undermining the constitution and sapping the very vital fluids of life, do not trust yourself in the bands of Quacks, who start up every day in a city like this, and fill the papers with glaring falseboods, too well calculated to deceive the young, and those not acquainted with their tricks. You cannot be too careful in the selection of a retnedy in these cases.

The Fluid Extract Bushu has been pronounced by eminent physicians the greatest remedy ever known. It is a medicine perfectly pleasant in its taste, and very innocent in its action, and yet so thorough that it annihilates every particle of the rank and poisoneus virus of this dreadful disease in the blood.

Constitutional Debility, brought on by self-abuse, a most terrible disease, which has brought thousands of the harman race to untimely grares, thus bleating the brilliant hopes of parents, and bitylating in the bud the glorious a notition of many a noble youth, can be cured by this infallible Remedy.
